About Dr. Bhimrao Ambedkar University, Agra & Associated Departments

Dr. Bhimrao Ambedkar University (DBRAU), Agra, originally established as Agra University on 1 July 1927, is one of the prominent centres of higher education in Northern India. Over the decades, the University has expanded across diverse disciplines, with a strong emphasis on academic excellence, research, innovation, ethical values and societal development. The University currently serves the educational needs of the Agra Division and is associated with numerous affiliated colleges.

The Institute of Pharmacy & Paramedical Sciences, established in 2002 under the Faculty of Medicine, is dedicated to excellence in pharmacy education, research and professional development. The Institute offers D.Pharm, B.Pharm, M.Pharm and Pharm.D. programmes approved by the Pharmacy Council of India (PCI), supported by advanced laboratories, dedicated instrumentation facilities, library and research infrastructure. **The Department of Agriculture Sciences**, established in the academic session 2024-25, focuses on education, research and innovation in agriculture and allied sciences. The Department offers B.Sc. (Hons.) Agriculture and works in areas including sustainable and climate-resilient agriculture, precision farming, horticulture, plant protection, agricultural economics, plant physiology, animal husbandry and allied sectors. **The Department of Biotechnology**, established in July 1997 under the Faculty of Life Sciences, is committed to quality education, scientific research and innovation in biotechnology. The programme integrates modern developments in biosciences with applications in medicine, industry and agriculture, while promoting professional competence, leadership, ethics and social responsibility. Together, these academic departments reflect the University's commitment to multidisciplinary education, research, innovation and knowledge exchange, providing an appropriate academic environment for conferences, collaborative research and professional interaction.
